SAFETY DATA SHEET

Emergency Response 800-535-5053 INFOTRAC (USA)
+1-352-323-3500 INFOTRAC (International)

Section 1. Product and Company Identification

Young Nails Rose Cuticle Oil

Distributor:
Young Nails, Inc.
1149 N Patt St
Anaheim, Ca 92801
714-992-1400

Section 2. Hazards Identification

Physical State and Appearance: Clear Amber with a pleasant fragrance

Emergency overview: No apparent health risks.

Likely routes of Exposure: Eye contact. Inhalation. Ingestion

Eyes: May cause eye irritation including redness

Inhalation: May cause irritation including coughing

Ingestion: non-hazardous in case of ingestion may cause diarrhea.

No hazardous materials are contained in this product, this product contains no materials in any or sufficient quantities to be toxic or injurious to humans or to cause acute or chronic health problems. There is no physical hazard as defined within 29CFR part 1010.1200(c).

Section 3. Composition and information on ingredients.

Ingredients	CAS no.	Percent
Mineral oil	8012-95-1	99.6%
Carotene and perfume		00.4%

Section 4. First Aid Measures

Eye contact: Check for and remove any contact lenses. In case of contact, flush eyes with water for at least 15 minutes. If symptoms persist, seek medical attention.

Inhalation: This product has a low vapor pressure and is not expected to be present an inhalation hazard at ambient conditions. Caution should be taken to prevent aerosolization or misting of this product.

Ingestion: This product is relatively non-toxic by ingestion unless aspiration occurs. Aspiration may lead to chemical pneumonitis which is characterized by pulmonary edema and hemorrhage and may be fatal. Signs of lung involvement include increased respiratory rate, increased heart rate and a bluish discoloration of the skin. Coughing, Choking, and gagging are often noted at he time of aspiration. Gastrointestinal discomfort may develop, followed by vomiting with a further risk of aspiration. This product has laxative properties and may result in abdominal cramps and diarrhea.

Section 5. Fire Fighting Measures

Flammability of the product: Not Combustible
Auto Ignition Temp: not available
Flash points: 320F (160 C)
Test Method: ASTM D-92 (COC)
Special remarks on Explosion hazards: not available

NFPA Ratings: Health 0, Flammability 1, Stability 0

Section 6. Accidental Release Measures

Small spill and leak: Use a small paper towel and clean up and dispose of in trash can.
Large spill and leak: Use a larger amount of paper towels and clean up and dispose of in a larger trash can.

Contain Spill immediately. Do not allow spill to enter sewers or watercourses. Absorb also with sand or clay for large spills, also large spills can be vacuum pumped or shoveled into buckets.

Section 7. Handling and storage

Handling: Avoid contact with eyes. Keep container closed.
Storage: Keep from freezing. Do not transfer to unmarked containers. Store in closed containers away from heat, sparks, open flame, or oxidizing materials.

Section 8. Exposure Controls

Eyes: If careless use safety glasses. But it is not required under normal conditions.
Body: use an apron if necessary but it is not necessary

Feet: not applicable.

Respiratory protection is not required under conditions of normal use.

Section 9. Physical and Chemical Properties.

Odor: Present smell

Color: light amber

Physical state: Clear with color

Molecular Weight: Varies

Boiling point: 500-800F (260-427 C)

Specific Gravity: 0.83@60F

Vapor Density: not available

Odor Threshold: not available

Evaporation Rate: not available

Solubility: In hydrocarbons

Section 10. Stability and Reactivity

Stability and reactivity: This product is stable

Conditions of Instability: High heat and open flame

Hazardous Decomposition: Carbon monoxide, carbon Dioxide

Hazardous Polymerization: Will not occur.

Section 11. Toxicological Information

Chronic Effects on Humans: This material is not known to cause cancer in animals or humans.

Section 12. Ecological Information

Toxicity of the products of Biodegradation: The product itself and its components are not toxic according to the OSHA hazard Communication standards

Section 13. Disposal Considerations.

All disposals must comply with federal, state, and local regulations. The material, if spilled or discarded, may be a regulated waste. Refer to state and local regulation.

Caution, If regulated solvents are used to clean up spilled material, the resulting waste mixture may be regulated. Department of Transportation regulations may apply for transporting this material when spilled.

Waste material may be landfilled or incinerated at an approved facility. Materials should be recycled if possible.

Section 14. Transportation Information

DOT Classification: not regulated.

TDG Classification: not regulated.

IMO/IMDG Classification: not regulated

ICAO/IATA Classification: not regulated

Section 15. Regulatory Information

U.S. Federal Regulations:

All components of this product are listed on or compliant with the TSCA inventory.

SARA 302/304/311/312 extremely hazardous substances: No products found.

SARA 302/304/311/312 Hazardous chemicals: no products found.

SARA302/304 Emergency planning and notification: No products found.

SARA311/312 MSDS distribution, Chemical inventory: No products found.

SARA313 Form R Reporting Requirements: No products found.

SARA313 Supplier notification: No products found.

Clean Water Act (CWA) 112 accidental release prevention: no products found.

Clean Air Act (CAA) 112 regulated flammable substances: No products found.

Clean Air Act (CAA) 112 regulated toxic substances: No products found.

WHMIS (Canada) not controlled under WHMIS, all components of this product are listed on or compliant with the DSL/NDSL

International Regulations:

DSCL; not regulated

International Lists: All components of this product are listed on or compliant with the following international lists: Philippines RA6969, China Japan (METI) Korea (TCCL)

State Regulations: No products were found

California Prop: 65 No products were found

Section 16. Other Information.

The statements contained are based upon technical data that Young Nails Inc. believes to be reliable, and offered for information purposes only and as a guide to the appropriate precautionary and emergency handling of the material by a properly trained person having the necessary technical skills. Users should consider these data only as a supplement to other information gathered by them and must make independent

determinations of suitability and completeness of informant from all sources to protection of the environment. Young Nails Inc. makes no representation of warrants of any kind express or implies, including merchantability or fitness for a particular use, with respect to the information herein or the product to which the information refers.
